SUBJECT: Bidders Representation

Included with our bid to the City of Fort Wayne for the Starter and Alternator agreement for 1991 is our commitment to the staff of the City Utilities Garage to provide quality built starters and alternators; timely delivery when those units are needed; a choice of either a 6 month, or a 1 year warranty line on all units we provide; and a cost-efficient pricing arrangement reflecting a lower unit cost than can be provided by other sources.

As of January 1, 1991 we will be expanding to a larger location at 709 East Washington St. To better service our customer. With this expantion we have added an employee with 18 years experience in the starter alternator field. With this addition to the company we'll provide better service in 1991

We are also close to the City Utilities Garage and we our commited to providing quick response to deliver, or pick-up, repair and return. We will provide timely deliveryof starters and alternators and extend our services to include those special circumstances and emergency situations whereby we are available on call whenever the City of Fort Wayne needs our services.

As part of our commitment we provide a service representative on a regular basis each week to report to the City Utilities Garage to see to it that all starter and alternator needs are met. In addition, we provide special assistance when necessary.

The T & T organization is a full service starter and alternator manufacturer with complete stocks in Domestic, Foreign and Import, as well as Diesel offerings. As you know, we stock a number of related auto electrical lines including batteries, ignition parts, wire sets, voltage regulators, etc.

We at T & T Electric have been proud of our relationship with the people at the City Utilities Garage in the past, and we are sincerely looking forward to continuing a positive working relationship with the City of Fort Wayne in 1991.
